

Technical Data Sheet

9194 - 30 Ft. Test Lead & Storage Reel

The Storage Reel comes with 30 Ft of our Flexible silicone wire. Same wire used on all our standard test leads. The retractable banana plug on one end is the same as our 9100 series test leads and all 9100 accessories will work with these leads. The Rt. Angle Banana Plug works with Fluke meters and many more. The ends can be unreeled separately or both at same time to extend up to 30 Ft.
